Sewer Rates

Sewer rates are set according to the average monthly water use for January to March of the previous calendar year. New customers are charged at the average winter use rate (standard) and adjusted the following year if applicable.

Single-Family Residential	Flat Rate	January to March – Average Monthly Use
Low Winter Water Use	\$56.79	4 units or less
Average Winter Water Use (Standard)	\$60.48	4.1 – 13 units
High Winter Water Use	\$62.65	13.01 units and above

Multi-Family Residential	\$45.36	Per dwelling unit
--------------------------	---------	-------------------

Commercial Sewer Rate	\$60.48 or \$5.40 per unit (whichever is greater)	
-----------------------	---	--

All Rates in Accordance with Resolution 2018-54, Municipal Code 13.06 and 14.04
